

# CONNECT CASE™

FOR iPhone® 4S & 4

"It keeps me connected. It's smart. And it fits my lifestyle."

That's what you love about your iPhone® 4S. Shouldn't it be what you love about the case you keep it in, too?

We pretty much love everything about the iPhone® 4S: the elegant, understated styling, the way it keeps us connected to our lives, and maybe most of all, the way it's amazing functions interconnect with each other. So when we created the Nite Ize® Connect Case™ for the iPhone® 4S and 4, we worked to mirror Apple's exceptional technology. We think we did a pretty good job. Made of high grade, shatterproof Lexan® polycarbonate, the Connect Case™ is slim, lightweight, durable, and practical. It offers serious protection from everyday wear and tear, dependable shock-absorption, and a unique design that keeps your iPhone®'s features accessible at all times. The top easily opens and snaps securely closed with an innovative flex-hinge design. Its slim construction allows "dock ability." Included with the case is the removable Connect Clip™ that allows you to conveniently attach your phone to pockets, straps, or belts. It also comes with a carry clip and a custom-sized, anti-fingerprint clear screen protector. Available in a range of eye-catching colors with soft-touch feel and a positive diamond grip pattern, the Connect Case™ gives you the protection you need for your iPhone® and the slim-line design that accentuates it's coolness.

We've also created some ingenious optional Connect™ accessories (think of them as apps for your case) that take connecting to a whole new level.

## + CONNECT CRADLE™

The Connect Case™ for iPhone® 4S / 4 + Connect Cradle™ Combination Package features the multi-functioning Nite Ize® Connect Cradle™ that allows you to secure your Connect Case™ to any vehicle vent, create a desk stand or a convenient docking station on any smooth flat surface.

Made of sturdy Lexan® polycarbonate, and designed to easily attach to the Connect Case™'s Connect Clip™, the Connect Cradle™ has a durable, flexible Gear Tie™ (our patented reusable rubber twist tie) attachment that configures in a multitude of ways. Bend the two arms at right angles, hook the case through any vent, and you can easily view maps, or activate Siri all while keeping your iPhone® viewable from your dash and connected to its accessories. Detach the Connect Case™ from your Connect Cradle™ so it stays in place on the dashboard, or keep it clipped to the case and take in and out of the car with you. Just bend the Gear Ties™ back over the clip and your streamlined case fits flat in your pocket again. Bend the the Gear Tie™ at the base of the Connect Cradle™ to create an instant tabletop stand, for easy location and viewing at home or office.

With every Connect Cradle™, we've also included two Velcro® high temperature adhesive strips that instantly create the semi-permanent docking location of your choice. Adhere these strips to the back of the Connect Cradle™, and to any flat, smooth surface. With the Connect Cradle™, your phone is safely and conveniently docked right where you want it to be, every time.

- + Connect Case™ body includes Connect™ Clip & Accessory Port for easy transition to Connect™ Accessories (Connect Cradle™, Connect Mobile Mount™, Connect Curvyman™)
- + Connect Cradle™:
  - Molded of high strength Lexan® polycarbonate.
  - Features a Gear Tie™ Reusable Rubber Twist Tie™ for connection to vehicle vents or to create a desktop workstation.
  - Comes with two high temperature Velcro® strips for semi-permanent attachment.
- + Gear Tie™ Technology:
  - Tough rubber shell provides excellent grip but won't scratch or mark.
  - Strong internal wire that holds its shape.
  - Quick and easy to securely attach and detach.
  - UV resistant - will not be damaged by extended sun exposure.
